(ARDEN CITY Kan, March 13 Wide spread and destructive prairie fires have been raging in this vicinity the past two dats the Judiciary Committee at Hartford in dicates that the Colocester and Guttenberg men have got in some shrewd work. As originally agreed upon by the antipool-room men the bill was aimed especially at the pool rooms under their mask as commission bouses. Great care was taken to exclude the agricultural fairs of the State and the meetings of the horseracing associations from the operations of the law. What was feared and to some extent foreseen has now come to pass.

The bill as it comes from the committee is of a sweeping character, reaching almost every form of gambling, including the farm fairs and horse-racing associations. The elect may be to array against it interests which the antipool room men have tried hard not to antagonize, especially those of the Charter Oak Park Ruing Association at Hartford. The gamblers there seem to have succeeded in "Goding up" the bill and imperilling it, though so intense is the feeling against the pool rooms that even in its present shape it may be passed. The bill as reported fixes a maximum of \$5.00 fine and imprisonment for one year and makes each day of violation of the law a separate offence.

Edwards Mirchin, 1888 Charles

Have you got to buy one? If so, don't fail to examine our Stock before purchasing. We have the largest line this season that we have ever shown, in a range of prices from \$5 00 to \$20.00.

We would call special attention to our \$7.00 line. We are showing two styles--a medium and very dark grey strictly all wool and fast color. They would be cheap at \$8.00. We shall make them our Leader for a low price. honest coat, and shall run them at \$7.00, sizes 35 to 48

Our experience in the clothing business is that \$10 and \$12 are two very popular prices for O'Coats, and we have taken great care in selecting our stock to sell at these figures, We have no hesitation in saying that they are the Best Qual. ities, Best Styles, and Best Trimmed Coats ever shown in this market at \$10 and \$12.

J.st: ~- ele l'Icars et Peacy-Pace

Our \$15, \$16, and \$18 Coats are just that. January and February are two dull months in Custom Tailoring. It is necessary to keep our workmen employed in order to have them when business starts. We have manufactured just 100 O'Coats in our own shop; 10 styles Custoni-made O'Coats at \$15, \$16 and \$18. Goods thoroughly sponged and shrunk. Sizes, 34 to 48.
